## Introducing: GEKKOBAGS!

Many years of experience in the photography business have led to the development of these trendy, handy, multi-use camera bags. GEKKOBAGS don't look like camera bags, but are perfect for carrying, protecting and cleaning your compact digital camera. Or your mobile phone. Or your PDA. Or your sunglasses.

No more scratched lenses. No more hassling with large bags. We believe in what we have to offer: smart and simple, yet elegant solutions in digital photography.

GEKKOBAGS are available in two types and three sizes and come in three trendy accent colors.

Get your own GEKKOBAG now and experience the indefinite possibilities of these elegant bags yourself.

**Two types, three sizes  
and three trendy colors!**

# TOUGH:

combines the optimal protection of neoprene and the elegant design to ensure happy customers. Is water repellent \* and shockproof.

\* normal use

## THE BAGS

We've seen customers struggle with large and unpractical bags. What a pity to store your small and stylish camera in such a plump way. With their sleek design, GEKKOBAGS are especially developed for the current generation of compact cameras. But they can also be used for protecting media players, camera lenses, mobile phones and PDA's. They can even turn out to be the perfect space to store your sunglasses, or much, much more!

### Two types

GEKKOBAGS are made of two distinct types of material, each with its own unique characteristics.

**Smart, simple and elegant:  
GEKKOBAGS!**

# SMART:

made out of glass cloth. Can be used for protection and to clean your lens and LCD screen before or after use. Is machine washable (30°C), so can be used over and over again.

## Three sizes

ONE: 70x105 mm. Ideal for the smallest digital cameras, like the Canon Digital IXUS and the Sony Cybershot W-Series.

TWO: 80x120 mm. Especially designed for the larger cameras as well as mobile phones and PDA's and various BlackBerry and TomTom models.

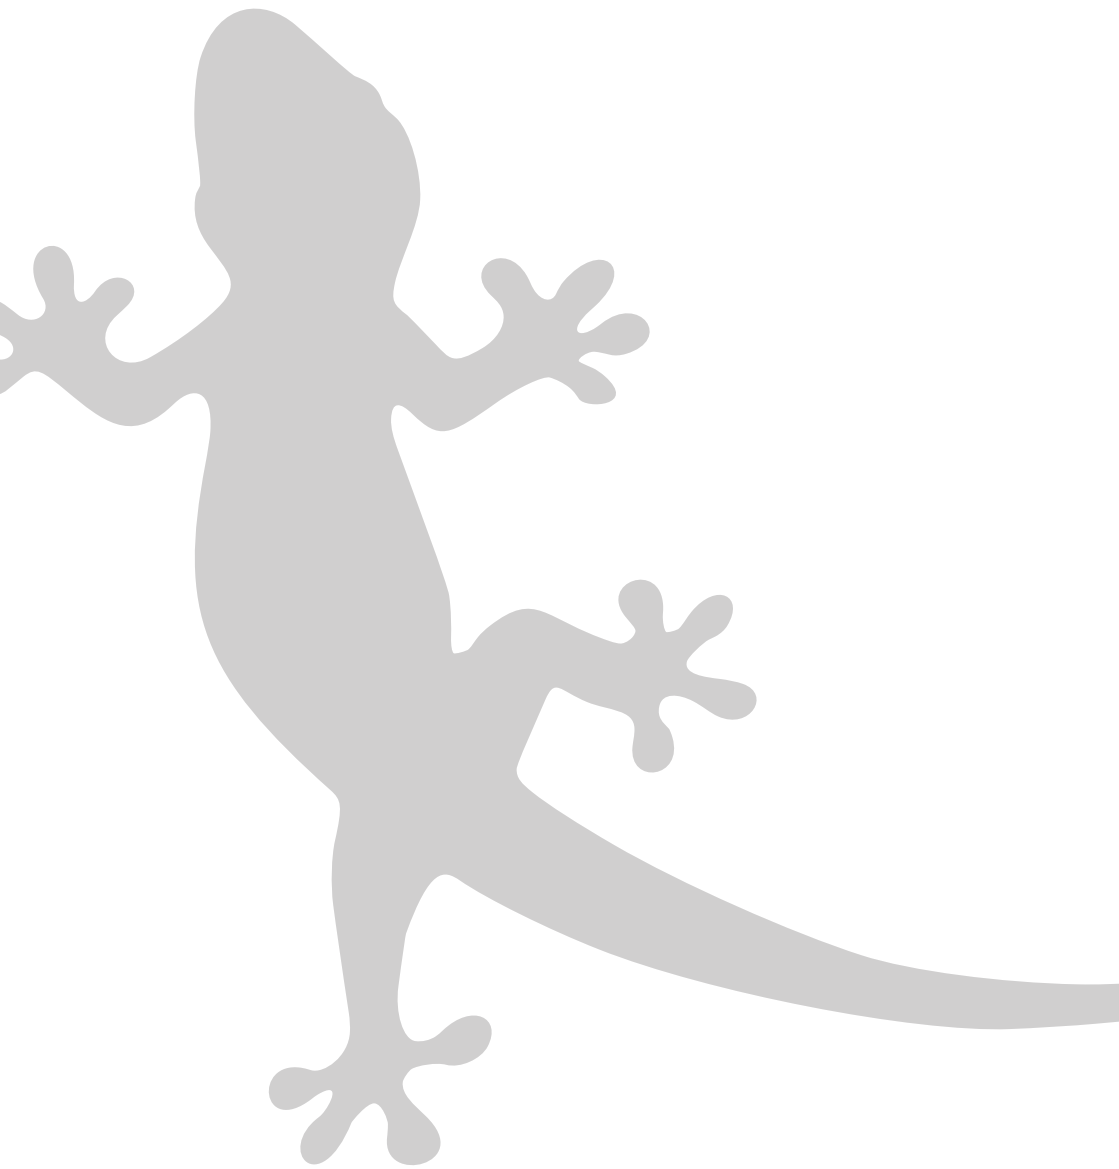

THREE: 100x120 mm. The perfect bag for cameras like the Canon A-series, Fuji A-series and Panasonic lumix LZ and LS series.

As you can see there's a GEKKOBAG for everyone!

## Three colors

The black GEKKOBAGS come with three different accent colors: pink, blue and green.
